This year members of the Algonquin/Lake in the Hills IAFF Professional Fire Fighters Local #3985 will be raising money to benefit the Wounded Heroes Foundation. The Wounded Heroes Foundation was founded to provide needed support to the men and women of this great nation that sacrifice their lives for the good of their country. Scores of men and women return home from the battlefields with physical wounds that are treated by the valiant doctors of our armed forces. However, the medical treatment, while healing the broken bones and lost limbs, fails to treat the financial wounds inflicted upon our heroes. Wounded Heroes Foundation provides care packages to our injured men and women of the armed forces. In addition, Wounded Heroes Foundation, through charitable contributions, provides financial and other assistance in situations where the military is not equipped or unable to assist.
